

Sign up Today

You can sign up and register for the Patient Portal by giving your provider your name and email address. In turn, your provider will give you an activation code, known as an enrollment token. The enrollment token will allow you to log in to the system and create your own private user name and password.

Or, check your provider's website for an "enroll now" button, which will allow you to register yourself.

Who can sign up?

Patients and their legal guardians can sign up for Patient Portal in accordance with the Terms and Conditions of the website. Just tell your provider who you would like to enroll and you are on your way to connecting with your doctor.

Sign me up now!

Fill in your information below, tear off, and hand it to an office staff member.

Faster, reliable communication accessible 24/7 is only a click away

An Internet-based Patient Portal simplifies communication with your physician and eliminates time-consuming phone calls to the practice. Whether you want to schedule an appointment or review your latest test results, the Patient Portal delivers the information you need anytime, anywhere. Access it through a convenient, easy-to-use website, available from any computer or mobile device with an Internet connection.

What to expect from the Portal

Using NextGen® Patient Portal, you'll get faster, simpler, more reliable communication with your healthcare providers.

- Correspond with your physician or practice online via our secure portal
- View, download, or share your personal health record, including data such as: medications, immunizations, and test
- Get 24/7 access to important health and educational information
- Request prescription refills
- Get appointment reminders
- Maintain account data including user name, password, and access privileges

We respect your privacy

When there is important information awaiting you in your Patient Portal account, you'll receive a notice in your personal email. If you choose to use the Patient Portal, your name and email address will be treated with the same care and privacy given to your medical records.

Our physicians are offering the Patient Portal, powered by NextMD, to make your medical information more accessible to you and to help you live a healthier life.

Strengthen your physician relationship. Exchange personalized information via a secure website, available from any mobile device or computer with an Internet connection.
